

Authentication and Authorisation for Research and Collaboration

## NA2 Subtask update

Authentication and Authorisation for Research and Collaboration

**Peter Gietz, Martin Haase**

NA2 Task 2 - Outreach and Dissemination

DAASI International

AARC General Meeting, Milano

November 2, 2015

# Outreach and Dissemination

## Training Modules

---

- Module concept:
  - on-line modules for self study
  - re-use existing well-chosen material
- Module 1: basic concepts of federated access
  - focus on videos
  - for people with little or no background in federations
- Module 2: Training for Service provider operators
- Module 3: Training for Identity provider operators
- Module 4: Information material for decision makers

# Outreach and Dissemination

## Module 1 - "Federations 101"

---

- Motivation
- How to Secure Content
- A Service Provider, and an Identity Provider
- So What is a Federation?
- And What if the Online Resource is in a Different Country from my Users?
- But what is Shibboleth then? Are there other Technologies for Federation?
- <https://aarc-project.eu/documents/training-modules/federations-101>

# Outreach and Dissemination

## Discussion & Next Steps

---

- Use "Federations 101" as a real training module?
  - Part of a 90 minute introductory class
  - During target group workshops/conferences (e.g. librarians)
- Comments on
  - the concept?
  - the structure?
  - the contents of each part?
- Input into the other Training activities (e.g. SP training)

# Thank you
